

## Introduction to Nature Photography

**Ages 14 and up**

This four-class introductory photography series will teach students to advance beyond taking snapshots to creating photographs. We'll begin by exploring your camera's auto capabilities and learn how to manually adjust for shutter speed aperture and film speed. This series will also help you improve your understanding of composition, light and perspective. Each session will include time for creating photographs in and around the Bob Jones Nature Center and Preserve. Students need to bring a camera, camera manual and a laptop with processing software loaded. A tripod will also be beneficial.

**Location: Bob Jones Nature Center & Preserve Pavilion**

**Instructor: Bruce Rosenstiel, brosenstiel@verizon.net**

**Min 4 - Max 8**

Day	Date	Time	Cost	Code
W	Jan 6-Jan 27	9:00 am-10:30 am	\$64	4021.10a
W	Mar 3-Mar 24	9:00 am-10:30 am	\$64	4021.10b
Su	Jan 10-Jan 31	8:00 am-9:30 am	\$64	4021.10c
Su	Mar 7-Mar 28	8:00 am-9:30 am	\$64	4021.10d

## Intermediate Nature Photography

**Ages 14 and up**

This four-class intermediate photography series will teach students to advance beyond taking snapshots to creating photographs. Build on your experience and skills learned in Introduction to Nature Photography through critiquing and feedback on your photos. Learn an effective digital workflow using Adobe Lightroom and Adobe Photoshop. Each session will include time for creating photographs in and around the Bob Jones Nature Center and Preserve. Students need to bring a camera, camera manual and a laptop with processing software loaded. A tripod will also be beneficial.
